## Cities of Monroe Prepares for Inclement Weather

(Monroe, LA) In anticipation of predicted heavy rainfall in the next few days, the City of Monroe Public Works Department is urging residents to ensure that **all debris is cleared from yards, ditches, curb sides, drainage grates, etc.** Residents should make sure their ditches are mowed and litter free so water can flow/drain properly.

Any precautions that can be taken prior to this rainfall would be most helpful in preventing possible localized flooding.

All Sanitation crews are out clearing ditches, curbs, and gutters. Any assistance from residents will be greatly appreciated.

## Sandbagging Operations

**All sandbagging stations will open Monday, March 21<sup>st</sup> at 11:00 a.m.**

The Monroe residents are welcome to stop by the locations listed below to fill their own sandbags. Sand, shovels, and bags will be at the following locations:

**SAUL ADLER REC. CENTER – 3900 WESTMINISTER AVENUE**

**EMILY P. REC. CENTER – 3504 JACKSON STREET**

**MARBLE REC. CENTER – 2950 RENWICK STREET**

**BENOIT REC. CENTER – 1700 OAKLAWN DRIVE**

Again, the Public Works Department will provide shovels, sand, and bags for residents to fill their own bags. **Please limit to 10 bags per resident.**

Best,
